

Dear Parents, Caretakers, and Guardians,

Barnison is excited to once again partner with International School of Texas to provide lunches for your students! We are looking forward to a great year. Our goal is to provide the students of Austin's schools with a healthy, appealing lunch that has been mindfully sourced and thoughtfully prepared. We believe that good nutrition is an essential tool for a better education. We don't make health food; we make healthy food that kids want to eat. The quality of our ingredients and the dedication of our culinary staff is what makes us different.

We believe strongly in supporting our community by using only the best local, sustainable, and organic ingredients.

We began our food career as farmers in the Austin area, so we understand the importance and dedication it takes to grow good food. We are committed to the farm to school philosophy and work tirelessly to ensure our students receive the highest possible quality lunches.

Our kitchen is completely Nut-free! Additionally, we offer gluten free, vegetarian, and vegan options for all of our meals, as well as an entrée sized salad.

Barnison Catering is environmentally conscious and uses only green cleaning products and recyclable or compostable paper products. We compost all possible kitchen waste to use in our school gardens.

We welcome you to learn more about us on our website www.barnison.com or check out your sister non-profit at www.NourishTX.org.

How it works:

Each month we will release the menu around the 15th. Parents can then log into their account on our ordering page at barnisoncatering.boonli.com where they can choose which meals they would like for their student and pay online. Many of the families we serve involve their students in the ordering process when possible as a fun way to bond and give children a sense of agency in their food selection. Families can order, edit or cancel existing orders up to 2 days in advance. There is no minimum order and the meals don't have to all be ordered at one time, but all meals must be pre-ordered and paid for online.

To set up a new account go to barnisoncatering.boonli.com Click on "Register." Returning families can login to their already existing account and update their profile information.

School Password is: **IST36**

We look forward to working with you and your student this upcoming school year. Please feel contact us with any questions at info@barnison.com

Sincerely,
Jeremy and Alison Barnwell
